

The St Michael Steiner School

# Friday Bulletin

19th June 2020

Dear Parents

This evening, our students will present their Class 12 projects to, possibly, the largest audience ever to attend one of these events. You will have received your invitation by email last week, but it is reproduced below.

If not for the lockdown, this event would have marked the end of their time at the school, which, for two of them at least, started in Leigha's parent and child groups around sixteen years ago. As it is, they will have two weeks more school later in the summer in order to do some of the things that were not possible this term.

This bulletin, then, is largely devoted to these remarkable individuals.

Class 12 students, line by line, left to right from top left: 1. Charlotte Beugelink 2. Caspian Azarmi 3. Leila Osman 4. Yves Ingledew 5. Cameron Curry 6. Constance Kelly 7. In the Metro in Paris in February. 8. At the Teatro del Maggio in Florence, May 2019. 9. In a Vietnamese restaurant and 10. In the Tuilleries, both in Paris in February. 11. At the Goetheanum in Dornach, Switzerland, in February.

Dear All,

One of the benefits of lockdown is that, with no limit on space, we can invite you all to our:

## Class 12 Project Presentations

Friday 19th June 2020

6pm

Via Zoom

### Project Topics

Yves Ingledew - Building a hydrogen generator

Constance Kelly - The Modern Goddess: a study of the feminine

Charlotte Beugelink - Designing clothing collections

Caspian Azarmi - A history of blue

Leila Osman - Designing and interpreting tarot cards

Cameron Curry - Horror story writing

### Housekeeping notices:

- The presentations will be live streamed via Zoom.
- The Zoom link has been emailed to all of you. Please do not share it with anyone outside the school community.
- You will be able to enter the session from 5.55pm.
- We ask that you keep your mic muted during the presentations.
- There will be an opportunity for questions via the Chat function.
- We will be recording the session, so if you do not wish to appear you may keep your camera off. HOWEVER, if you don't mind, we would be grateful to have as many friendly faces visible as possible.
- Estimated running time: 2h30m

If you have any questions, please contact me directly:

Kelly**

**Charlotte  
Beugelink**

**Leila  
Osman**

**Cameron  
Curry**

**Caspian  
Azarmi**

# Yves Ingledeu

No art work from Yves, because he is more of a scientist, but his project presentation will more than make up for that. We hope you will join us at 6pm tonight. Meanwhile, here is Yves, and some of the things he likes.

Dear Parents,

I am offering the following therapeutic eurythmy sessions which are based on exercises Dr. Steiner gave 100 years ago, as the world faced the ravages of WW1 and the spread of Spanish Flu.

You are all welcome to join at any time as the exercises are slow and easy to penetrate at any stage.

No eurythmy experience necessary just the will and desire to do it.

The earlier you can start the better, as you then benefit from the growing forces, which you perceive over time and repetition of the sequence.

Do invite friends and family to join as this is particularly relevant for our times.

Tuesdays at 4.30 pm: A new sequence of exercises for strengthening the "I" and growing resilience, building the Immune system, and overcoming fear and nervousness. From 2nd June to 7th July

Thursdays at 4.30 pm: A sequence of exercises for strengthening the "I" and resilience, building the Immune system, and protecting against viral infections. From 14th May to 18th June.

email: [mhunter1life@aol.com](mailto:mhunter1life@aol.com) And I shall send you the links every week.

I look forward to seeing you there.

With warmth,  
Michèle

Dear parents

Following government guidelines, and taking into account the size of our rooms and that none of our year groups have more than 15 children, we are now in a position to open more classes.

Classes 1 and 2 combined and Class 8 were opened last week.

We will now also open Classes 3 and 4 starting next week, Tuesday 23rd June. All classes will be open three days a week, Tuesday to Thursday.

We have given priority to younger children because they cannot be home alone if their parents are back to work, and to Class 8 because it is a transitional year.

As well as following hygiene rules (washing hands, wiping surfaces, etc), we need to keep all the different groups separate. For this reason each year group will have a different break time and will end the day at a different time so that there is no commotion at the gate:

Class 8 will end the day at 12.00

Kindergarten at 12.30

Classes 3 and 4 at 13.00

Class 5, Classes 1&2, and key workers' children at 15.00

As we reported in last week's bulletin, because of COVID-related restrictions and the fact that we have had to furlough many members of staff in order to keep the school financially viable in the longer term, we are not in a position to offer more than this at present. However, we will review the above decisions at the end of the week and see if we can open more classes in the week that follows.

We are looking forward to seeing you all, even if from a distance.

Kind regards

The College of Teachers
