## The St Michael Steiner School Policy for Processing and Retention of Personal Data (All)

These are the specific reasons, set out in law, for which we can process personal data. There is one list for personal data and another list for special category data. Personal Data is any information that can be connected to an identified or identifiable person. Special Category Data in our school includes data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, data concerning health or a person's sex life or sexual orientation, data relating to criminal offences.

## LAWFUL BASIS ARTICLE 6: PROCESSING PERSONAL DATA

At least one of these must apply whenever you process personal data:

- (a) Consent: the individual has given clear consent for you to process their personal data for a specific purpose.
- (b) **Contract:** the processing is necessary for a contract you have with the individual, or because they have asked you to take specific steps before entering into a contract.
- (c) **Legal obligation:** the processing is necessary for you to comply with the law (not including contractual obligations).
- (d) **Vital interests:** the processing is necessary to protect someone's life.
- (e) **Public task:** the processing is necessary for you to perform a task in the public interest or for your official functions, and the task or function has a clear basis in law.
- (f) **Legitimate interests:** the processing is necessary for your legitimate interests or the legitimate interests of a third party unless there is a good reason to protect the individual's personal data which overrides those legitimate interests.
